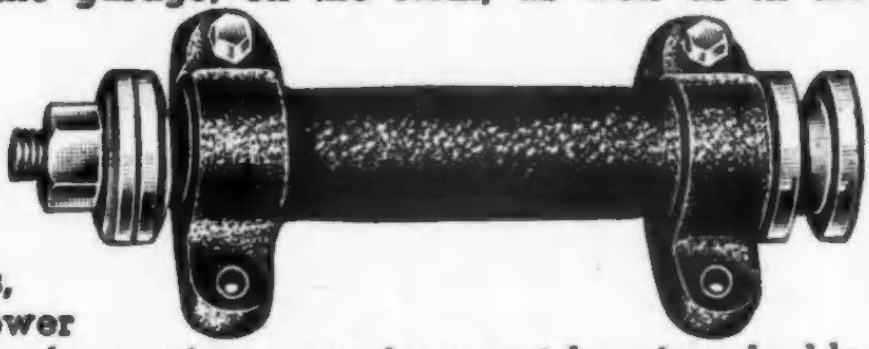
MAJESTIC TOOLS

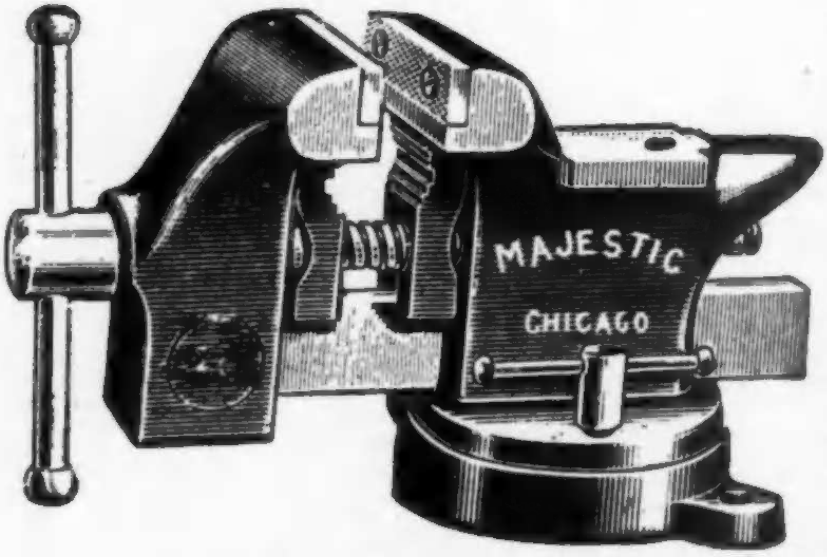
BALL BEARING SAW MANDRELS

These "QUALITY" saw mandrels are designed and constructed of the finest materials available and can be used in the factory, in the garage, on the farm, as well as in the home work shop.



These "BALL BEARING" saw mandrels are good for high speed, heavy loads, shock loads and power transmission. Made of one piece grey iron cast housing double sealed BALL BEARINGS designed to exclude dirt and retain the lubricant. Comes in sizes ½", ⅝", ¾" saw bore.

GENERAL PURPOSE VISES



These Vises are general utility tools, indispensable for all-around shop, garage and home use. Having all the features and qualities that a first class vise should.

Deeply Milled corrugated replaceable jaw faces and pipe jaws. 3½", 4", 4½", 5" jaw widths.
